

Write A Natural High Proposal

LEARNING OBJECTIVE

I will be able to write a clear proposal to my school's administration persuading them to support me in beginning a Natural High Club at our school.

DIRECTIONS

You have learned from multiple celebrities just how powerful and beneficial natural highs can be. You have also observed and discussed the positive effects of having a community of friends and family who share your values and beliefs. Many students who have gone through the Natural High curriculum gone on to form Natural High Clubs - organizations to share with others the vision and values of living life naturally high.

In this activity, you are going to write a proposal to your principal or administrator convincing them to support you in starting a Natural High Club at your school (this is just a practice, but could be used if you decide to start club).

Map it out: Fill in the chart below to create a framework for your letter.

Write a greeting and explain what this letter is about.
